**SMART Global Holdings Reports
Third Quarter Fiscal 2018 Financial Results**

NEWARK, CA – June 21, 2018 – SMART Global Holdings, Inc. (“SMART”) (NASDAQ: SGH), parent company of SMART Modular Technologies, Inc., today reported financial results for the third quarter of fiscal 2018 ended May 25, 2018.

Third Quarter Fiscal 2018 Highlights:

- Net sales of \$335.5 million, 62% higher than comparable quarter of prior year
- GAAP operating income of \$48.7 million
- GAAP net income of \$31.9 million
- Adjusted EBITDA of \$51.5 million
- GAAP diluted earnings per share (EPS) of \$1.37
- Non-GAAP diluted EPS of \$1.84 (excluding FX losses)

“I am pleased to report another strong sales quarter with net revenues 62 percent higher than the comparable period a year ago. Both our Specialty and Brazil businesses performed very well. Additionally, as announced on June 11, we have embarked upon the first step in our strategy to broaden our offerings with the acquisition of Penguin Computing,” commented Ajay Shah, Chairman and Chief Executive Officer of SMART Global Holdings. “Penguin is the cornerstone of our new business unit, SMART Specialty Compute & Storage Solutions (SCSS), and greatly expands the markets and technologies where we can participate into areas requiring specialized computing platforms in artificial intelligence, machine learning, advanced modeling and high performance computing. We expect to leverage our proven system design and integration capabilities and create a more diversified business.”

Jack Pacheco, Chief Operating and Financial Officer, added, “The strength in net sales in the third fiscal quarter was due to continued strength in our Specialty Memory business and our increased penetration into the Brazilian market. That said, due to the recent depreciation of the Brazilian Real, we saw a \$0.27 per share negative impact to our GAAP earnings due to foreign currency losses. The Specialty Memory business and our Brazil memory business continue to be markets where we have a unique competitive advantage, a proven business model, and growth potential in multiple sectors.”

- (1) GAAP represents U.S. Generally Accepted Accounting Principles.
- (2) Please refer to the “Non-GAAP Information” section and the “Reconciliation of Non-GAAP Financial Measures” table below for further detail on the non-GAAP financial reporting referenced above and a reconciliation of such measures to our nearest GAAP measures.
- (3) Beginning in the third quarter of fiscal 2018, we will exclude foreign currency gains/losses from our non-GAAP diluted EPS as we believe this non-GAAP financial measure is a more relevant indicator of our core operating results. This change is reflected for all the periods presented in this release.

Business Outlook

The following statements are based upon management's current expectations for the fourth quarter of fiscal 2018 ending August 31, 2018 and include the results of Penguin Computing from the acquisition date of June 8, 2018. As the purchase accounting for this acquisition is still being evaluated, the GAAP forecast does not incorporate any related purchase price adjustments which may affect actual results. These statements are forward-looking and actual results may differ materially. SMART undertakes no obligation to update these statements.

Net Sales - GAAP / Non-GAAP	\$360 to \$380 million
Gross Margin - GAAP / Non-GAAP	22% to 23%
Diluted EPS - GAAP	\$1.41 to \$1.50
Share-based compensation per share	\$0.12
Intangible amortization per share	\$0.05
Acquisition costs per share	\$0.04
Diluted EPS - Non-GAAP	\$1.62 to \$1.71
Expected diluted share count	23.4 million

Conference Call Details

SMART will host a conference call today for analysts and investors at 1:30pm Pacific Time, 4:30pm Eastern Time. Dial-in US toll free +1-866-487-6452 using access code 6781298.

A replay of the conference call will be available for one week following today's call through the Events section of the SMART website at www.smartgh.com or by calling US toll free +1-855-859-2056; Passcode: 6781298.

Forward-Looking Statements

This release contains, and statements made during the above-referenced conference call will contain "forward-looking statements" including among other things, statements regarding future events and the future financial performance of SMART (including the business outlook for the next fiscal quarter) and statements regarding growth drivers in SMART's and Penguin's industry and markets. These statements are only predictions and may differ materially from actual future events or results due to a variety of factors, including but not limited to: business and economic conditions and growth trends in the technology industry, our customer markets and various geographic regions; global economic conditions and uncertainties in the geopolitical environment; changes in currency exchange rates; overall information technology spending; appropriations for government spending; the success of our strategic initiatives including additional investments in new products, additional capacity and acquisitions; the DRAM market and the temporary and volatile nature of pricing trends; deterioration in customer relationships; production or manufacturing difficulties; competitive factors; technological changes; difficulties with or delays in the introduction of new products; slowing or contraction of growth in the memory market in Brazil; reduction in or termination of local content requirements in Brazil; changes to applicable tax regimes or rates; prices for the end products of our customers; fluctuations in material costs and availability; strikes or labor disputes; deterioration in or loss of relations with any of our limited number of key vendors; changes in the availability of supply of materials, components or memory products; the inability of Penguin Computing to maintain its status as a small business or to obtain and retain security clearances to expand its government business; and other factors and risks detailed in SMART's filings with the Securities and Exchange Commission. Such factors and risks as outlined above and in such filings may not constitute all factors and risks that could cause actual results of SMART to be materially different from the historical results and/or from any future results or outcomes expressed or implied by such forward-looking statements. SMART and its subsidiaries operate in a continually changing business environment and new factors emerge from time to time. SMART cannot predict such factors, nor can it assess the impact, if any, from such factors on SMART or its subsidiaries' results. Accordingly, investors are cautioned not to place undue reliance on any forward-looking statements. Forward-looking statements should not be relied upon as a prediction of actual results. These forward-looking statements are made as of today, and SMART does not intend, and has no obligation, to update or revise any forward-looking statements in order to reflect events or circumstances that may arise after the date of this press release, except as required by law.

Non-GAAP Information

Certain non-GAAP financial measures are contained in this press release or will be discussed on our conference call, including non-GAAP gross profit, non-GAAP operating income, non-GAAP net income, non-GAAP net income per diluted share and Adjusted EBITDA. We define Adjusted EBITDA as GAAP net income plus net interest expense, income tax expense, depreciation and amortization expense, share-based compensation expense, acquisition costs, restructuring charges, amortization of non-cash debt discount related to warrants, non-cash charges in connection with refinancing, and other infrequent or unusual items. Adjusted EBITDA is not a measure of financial performance calculated in accordance with U.S. GAAP and should be viewed as a supplement

to, not a substitute for, our results of operations presented on the basis of U.S. GAAP. Adjusted EBITDA also does not purport to represent cash flow provided by, or used in, operating activities in accordance with U.S. GAAP and should not be used as a measure of liquidity.

The non-GAAP financial results presented herein exclude share-based compensation expense, intangible amortization expense, acquisition costs, amortization of non-cash debt discount related to warrants, non-cash charges in connection with refinancing and, with respect to non-GAAP diluted EPS, foreign currency gains (losses). These non-GAAP financial measures are provided to enhance the user's overall understanding of our financial performance. By excluding these charges, as well as any related tax effects, our non-GAAP results provide information to management and investors that is useful in assessing SMART's core operating performance and in evaluating and comparing our results of operations on a consistent basis from period to period. These non-GAAP financial measures are also used by management to evaluate financial results, to plan and forecast future periods, and to assess performance of certain executives for compensation purposes. The presentation of this additional information is not meant to be a substitute for the corresponding financial measures prepared in accordance with U.S. GAAP. In addition, these measures may not be used similarly by other companies and therefore may not be comparable between companies.

Investors are encouraged to review the "Reconciliation of Non-GAAP Financial Measures to GAAP Results" and "Reconciliation of GAAP Net Income (Loss) to Adjusted EBITDA" tables below for more detail on non-GAAP calculations.
